To: Frazier Fathers <campaign@frazierfathers.ca>

Good evening Councillor Fathers,

Thank you for reaching out and for outlining these concerns.

My position is that Marlborough Public School should not be demolished without a clear, transparent, and publicly supported plan demonstrating that replacement is necessary and that preservation or rehabilitation is not reasonably achievable.

I also believe West Windsor deserves equitable investment in its schools and programming. If elected, I would support a thorough review of the building's condition, renovation options, capital priorities, and community input before supporting any irreversible decision.

Thank you again for giving candidates the opportunity to share their position.

Best regards,

Affan Shahid

Candidate for GECDSD Trustee — Wards 1, 2 & 9
